Bought in Stirling Market at a Dispersal at 14 months old in May 2018.

Leroy was the highest EBV calf of his birth year.

Complimenting his fantastic breeding lines of Fearn God-father and Dakota of Upsall. He is out of Coldrochie Secret Swift.

A powerful, fleshy bull who is a pleasure to own due to his docility.

We have had around sixty calves from him and have sold 5 bulls from him last year and have more ready to come!  
 He has exceptional temperament which has passed through to his progeny and throws a great range of colour.

We have just had a calf born today out of a 15 year old cow who calved with ease on her own.
